- Researches and implement preventative medical programmes to enhance patient care at Correctional facilities;
- Prepares and submit medical reports as required;
- Assist in the procurement of resources for the Medical Division;
- Visits all Correctional facilities to assess risk factors to health;
- Liaises with nearby health departments, hospitals and the Ministry of health on relevant information and partnerships particularly on emerging and re-emerging diseases as well as topical health matters;
- Responds to medical/health problems presented by patients including history taking, diagnosis, investigation, treatment and referral as appropriate;
- Perform medical examination of inmates prior to release/transfer;
- Maintains confidentiality and impartiality;
- Promotes health education in conjunction with other health professionals;
- Organizes preventative medical programmes for individual inmates/wards;
- Provides specialist care for specific conditions or for certain groups, eg, diabetes, hypertension, heart condition, HIV/Aids;
- Discusses the development of new pharmaceutical products with Pharmacists and Medical Team;
- Manages resources to service target as effectively as possible;
- Prescribe and distribute medication to inmates as necessary;
- Keeps up to date with medical developments, new drugs, treatments and medications, including complementary medicine;
- Produces and comply with a work plan developed in partnership with Director, Medical Services to ensure all practice and other work is delivered appropriately and safely;
- Identifies and utilize appropriately best practice through benchmarking and clinical guidelines;

- Develops positive collaborative working relationships across all areas of the Care Team (primary, secondary and social care) and all carers;
- Undertakes appropriate clinical risk assessments and implement management strategies for risk identified;
- Provides management of long term conditions in line with national guidelines and pathways;
- Maintains clinical records either written or computer based in line with professional code and requirements utilizing appropriate READ coding and other coding systems;
- Inspect Correctional facilities assigned and provide necessary recommendations;
- Evaluate the medical status of new inmates upon admission.

**Other Responsibilities:**

- The incumbent may, from time to time, be assigned duties not specifically outlined within the job description but are within the capacity, qualifications and experience normally expected from a person occupying this position.

**REQUIRED KNOWLEDGE, SKILLS AND COMPETENCIES**

- Knowledge of the National Health Policy;
- Knowledge of Public Health Laws and Regulations;
- Knowledge of legal and ethical standards for the delivery of medical care;
- Knowledge of current principles, methods and procedures for the delivery of medical evaluation, diagnosis and treatment;
